

SCOTTISH WATER CHARGES SCHEME

made under section 29A of the Water Industry (Scotland) Act 2002

PART 2

WHOLESALE CHARGES

**for the Supply of Water and Sewerage Services
for the Fiscal Year 2011-12**

**Effective from
1 April 2011**

1 SCOTTISH WATER'S WHOLESALE CHARGES

1.1 Introduction

This is Part 2 of the Charges Scheme for 2011-12 that Scottish Water is required to make under Section 29A of the 2002 Act. This Charges Scheme has been approved by the Water Industry Commission for Scotland as required by Section 29A of the 2002 Act.

This Charges Scheme applies for the financial year 2011-12 to all Water, Sewerage and Trade Effluent services provided to Licensed Providers at Supply Points registered under the Market Code. All previous Charges Schemes of Scottish Water are hereby revoked from the date hereof.

Part 1 of the Charges Scheme contains the methodology which sets out the detail of how these charges will be applied. This Part 2 must therefore be read in conjunction with Part 1.

To the extent that this Part 2 of the Charges Scheme is inconsistent with any agreement binding upon Scottish Water, the charges specified in the agreement will prevail subject to any specific allocation of any wholesale/retail element of those charges in terms of Part 1 or Part 2 of this Charges Scheme.

Definitions for terms within this Part 2 are included in Appendix 1 of Part 1.

A water re-sale statement, required under Section 30 of the 1980 Act, is set out in Appendix 4 of Part 1. This details the maximum charges for services provided with help of Scottish Water and explains how Licensed Providers' customers should approach water re-sale with their end-user.

PRIMARY CHARGES FOR WATER

3.1.1 Meter Related Annual Capacity Charges - Water

	Meter Based Annual charge (£/meter)	¹Capacity Volume Threshold (m³)
20 mm	65	100
25 mm	127	500
40 mm	500	1,000
50 mm	903	2,500
80 mm	1,755	7,500
100 mm	1,903	25,000
150 mm	4,008	75,000
200 mm	30,060	100,000
250 mm	80,159	150,000
300 mm	99,198	300,000

3.1.5 The Water Volumetric Charge

(All rates in (p/m³))

Standard Volume Charges²	
Greater than 0 up to and including 20m ³ (Allocated Tranche)	0
Greater than 20m ³ up to and including 250,000m ³	67.03
Greater than 250,000m ³ up to and including 1,000,000m ³	56.60
Greater than 1,000,000m ³	34.74

¹This represents the annual consumption recorded on the water meter where the Capacity Volume Charge will apply in addition to the Standard Volume Charge, i.e. volumes in excess of this threshold will only attract Standard Volume Charges whereas volumes below this threshold and above the Allocated Tranche will additionally attract Capacity Volume Charges.

² In 2011/12 phasing adjustments will apply to the Standard Volume Charges shown above (not to the Capacity Volume Charge) for Supply Points supplied under a LUVA agreement in 2006/07. The following adjustments will apply to the share of volume above 100MI measured at the Supply Point (sum of all measured consumption) in the Fiscal Year: 100 – 250MI -18%, 250MI – 1,000MI -16%, >1,000MI +13%. The phasing adjustments have increased (in total) since the last Charges Scheme to achieve a more cost reflective level of charge.

Capacity Volume Charges³	
Capacity Volume Charge (applied to the Capacity Volume and is additional to the Standard Volume Charge)	49.28

3.2 Field Troughs and Drinking Bowls

The following charges apply:

Type of Supply Points	£ / annum
Farm	£117.72
Crofts & Registered Small Holdings	£76.72

3.3 Outside Taps

The following charges apply:

Type of Supply Points	£ / annum
Farm & Other Supply Points	£117.72
Crofts & Registered Small Holdings	£76.72

³ In 2011/12, in relation to water charges for measured connections supplied through water meters with a tariff meter size of <=20mm and unmeasured Supply Points for which a <=20mm meter has been assigned through assessment or re-assessment, the capacity volume charge and the standard volume charge, applied to the volume between 20m³ and 100m³ only, will attract a phasing premium of +37.6%. The phasing premium has reduced since the last Charges Scheme to achieve a more cost reflective level of charge. The premium will not apply to connections at LUVA Supply Points.

PRIMARY CHARGES SEWERAGE

4.1.3 Meter Related Annual Capacity Charges– Foul Sewerage

	Meter Based Annual charge (£/meter)	Premium Capacity Volume (m³)⁴
20 mm	57	50
25 mm	115	250
40 mm	454	500
50 mm	677	1,500
80 mm	1,834	3,000
100 mm	3,257	10,000
150 mm	10,436	20,000

4.1.4 Volumetric Foul Sewerage Charge (all rates in p/m3)

0-20m ³ (Allocated Tranche)	0
Standard Volume Charge	92.25
Capacity Volume Charge	76.94

4.1.5 Property Drainage Charges

	Units	Rate
Property Drainage Charges	.p / £ Rateable Value / year	2.2691
Area based Property Drainage Charges	.p per m2	32.9512

4.1.6 Roads Drainage Charges

Roads Drainage Charges	.p / £ Rateable Value / year	1.4569
------------------------	---------------------------------	--------

⁴ This represents the annual sewage volume (generally based on 95% of the metered water consumption) above which the Premium Capacity Volume Charge will cease to apply.

OTHER WHOLESALE SERVICES (NON-PRIMARY CHARGES)

5.1 Verification of service provision

Activity	Charge	Abortive Visit Charge
Visit during Standard Hours (Single Person Service) - services and/or meter details are as specified	£76.20 for the first hour on site plus £50.80 per hour thereafter	£63.60
Visit out-with Standard Hours – (Single Person Service) services and/or meter details are as specified	£101.90 for the first hour on site plus £67.80per hour thereafter	£85.00
Visit requiring additional resources (irrespective of time) when services and/or meter details are as specified	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

5.2 Water Bylaws Inspection - Repeat Visit Charge

Activity	Charge	Abortive Visit Charge
Repeat Inspection during Standard Hours	£76.20	£63.60
Repeat Inspection out-with Standard Hours	£101.90	£85.00
Inspection requiring additional resources (irrespective of time)	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

5.3.1 Temporary Disconnection – Appendix 3 request

Survey Charge

Activity	Charge	Abortive Visit Charge
Survey during Standard Hours	£152.40 for the first hour on site plus £101.60 per hour thereafter	£127.10
Survey out-with Standard Hours	£203.90 for the first hour on site plus £135.80 per hour thereafter	£169.90
Survey requiring additional resources	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

Costs incurred to secure access to allow the survey to be undertaken (e.g. legal costs) may be recovered in addition to the above charges.

Charge for disconnection

Activity	Charge	Abortive Visit Charge
Standard disconnection during Standard Hours where no pipework modifications or excavation is required	£152.40	£127.10
Standard disconnection out-with Standard Hours where no pipework modifications or excavation is required	£203.90	£169.90
Non-standard disconnection	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

Costs incurred to secure access to allow the survey to be undertaken (e.g. legal costs) may be recovered in addition to the above charges.

5.3.1 Temporary Disconnection – Appendix 4 request

Survey Charge

Activity	Charge	Abortive Visit Charge
Survey during Standard Hours	£76.20 for the first hour on site plus £50.80 per hour thereafter	£63.60
Survey out-with Standard Hours	£101.90 for the first hour on site plus £67.80 per hour thereafter	£85.00
Survey requiring additional resources	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

Charge for disconnection

Activity	Charge	Abortive Visit Charge
Standard disconnection during Standard Hours where no pipework modifications or excavation is required	£76.20	£63.60
Standard disconnection out-with Standard Hours where no pipework modifications or excavation is required	£101.90	£85.00
Advanced Commitment Reduced Charge. Standard disconnection during Standard Hours where no pipework modifications or excavation is required	Saving of £50.80	£63.60
Advanced Commitment Reduced Charge. Standard disconnection out-with Standard Hours where no pipework modifications or excavation is required	Saving of £67.80	£85.00
Non-standard disconnection	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

5.3.2 Permanent Disconnection

Survey Charge

Activity	Charge	Abortive Visit Charge
Survey during Standard Hours	£76.20 for the first hour on site plus £50.80 per hour thereafter	£63.60
Survey out-with Standard Hours	£101.90 for the first hour on site plus £67.80 per hour thereafter	£85.00
Survey requiring additional resources	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

Charge for Permanent Disconnection

Activity	Charge	Abortive Visit Charge
Permanent disconnection during Standard Hours	Based on quotation	Based on 1 hour 15 minutes of reasonable resources
Permanent disconnection out-with Standard Hours	Based on quotation	Based on 1 hour 15 minutes of reasonable resources

Inspection Fee

Activity	Charge	Abortive Visit Charge
Inspection during Standard Hours	£76.20 for the first hour on site plus £50.80 per hour thereafter	£63.60
Inspection out-with Standard Hours	£101.90 for the first hour on site plus £67.80 per hour thereafter	£85.00
Inspection requiring additional resources	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

5.3.3 Reconnection Charges

Activity	Charge	Abortive Visit Charge
Standard reconnection during Standard Hours where no pipework modifications or excavation is required	£76.20	£63.60
Standard reconnection out-with Standard Hours where no pipework modifications or excavation is required	£101.90	£85.00
Non-standard reconnection	Reasonable Costs Incurred	Based on 1 hour 15 minutes of reasonable resources

5.4 Discontinuation and Re-establishment of Trade Effluent Service

Activity	Charge
Survey to establish if Trade Effluent Service can be discontinued	Reasonable Costs Incurred
Discontinuation of Trade Effluent Service	Reasonable Costs Incurred
Re-establishment of Trade Effluent Service	Reasonable Costs Incurred
Abortive Visits	Reasonable Costs Incurred

5.5 Reported Supply Failure

Activity	Charge	Abortive Visit Charge
Visit during Standard Hours (Single Person Service) – where Licensed Provider is liable	£76.20 for the first hour on site plus £50.80 per hour thereafter	£63.60
