

using water wisely

tip 5

Take a shower instead of a bath.

A bath uses around 80 litres,
while a short shower can use
as little as a third of that
amount.

save water... save energy...
save the environment

It's not about the water we use, it's about the water we waste. For more information about using water wisely in and around the home visit www.scottishwater.co.uk or call our **Customer Helpline** on **0845 601 8855**.
